

# Pat&Mat

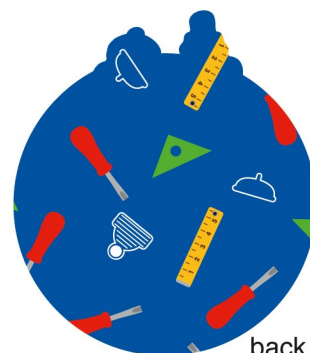

## Cupcake Decoration

Create your own decorated cupcake topper. Cut out the circles after printing. Before you put the front and back together, put a toothpick in between (cut off the sharp tip - saver for small children).

front

back

This colourful band can be wrapped around a cupcake. With a piece of tape you can stick the edges together. A very simple but beautiful treat to make.

### PARENTAL, GUARDIANS AND PROFESSIONALS WARNING

For this craft project scissors are needed! A child under 4 years needs your help. Scissors with a blunt tip may only be used by children over 4 years old. Scissors with a sharp tip may only be used by children over 6 years old.
