

- 1) Print the invitation that is on the next page
NOTE: Many printers have an option to print from edge to edge. If your printer has this option then choose here!
(You avoid a white edge)
- 2) When printed lay the sheet with the white side towards you
- 3) First fold the invitation from top to bottom and then from left to right (use the dotted line as fold line)
- 4) Write down the desired information with a marker or pen
